## **BRIMSTONE HAUNT OPENS SEPTEMBER 27**

**HARVEYSBURG, Ohio (September 14, 2019).** . . Three great scares for the family and brave are waiting for you at Brimstone Haunt. Things that go bump in the night and revisit you later in your dreams are waiting around every corner, twist, and turn of all three haunted attractions.

### **Brimstone Haunted Hayride**

The Brimstone Farm was once a prosperous family farm. Now, it is a place full of long-lost memories, stories, and curses. Many horrors have been reported in these fields but not many are willing to talk about the events that occur in the corn. Come see what's waiting for you around every twist and turn.

### **Forgotten Forest**

This is no ordinary woods walk. The Forgotten Forest is a place shrouded in mystery. Many people have gone searching for answers to the unnatural events that occur in and around the forest, but none have ever returned. Only the bravest should dare enter these trees and IF you make it back out, you will not be the same as when you went in.

### **New this year! Psychosis**

Around every dark corner awaits disturbing scenes of horror that will pull you further from reality. Get the yell scared out of you as you wind through the dark maze-like pathways trying to find a way out. Or surrender to the darkness and join the horror in a permanent state of Psychosis.

Brimstone Haunt runs Friday and Saturday nights from September 27 through October 26. Located at 472 Brimstone Road the haunted attractions are minutes from Cincinnati and Dayton. Tickets and more information can be found at [www.brimstonehaunt.com](http://www.brimstonehaunt.com).
